

Multi Avatars

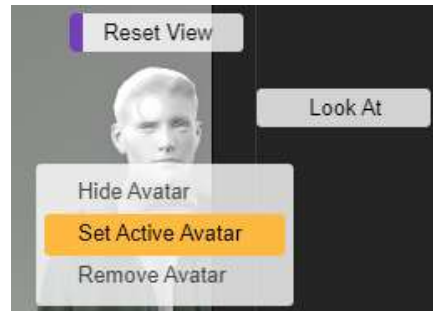

View **Multi Avatars** within the same 3D workspace to show colorways, sizes, or even different poses.

▶ At the top of screen, select the **Garment** drop-down menu and navigate to:
Labs > Multi Avatars > Add Avatar

▶ A duplicate avatar will be added and a **green sphere** will now appear above your main avatar's head, indicating the **Active Avatar**

▶ Right clicking on the adjacent avatar allows the option to **Set the Active Avatar**

▶ You can now switch out your: Snapshot Stylings, Poses, Colorways, or even Sizes to display any comparisons how you want.
